MANOHAR MEMORIAL COLLEGE OF EDUCATION (BLOCK-I)

About College

Manohar Memorial College of Education, Fatehabad came into existence on 16th August, 2004. The college has been on its glorious march since its inception. It is now a brand name synonymous with quality education and service to the community. It is universally recognized for its impeccable credentials of being a top-ranking and first-rate institution all over the state. This college aims at pursuing the dream of "Excellence in Education". It is committed to transforming the teacher students into creative planners, critical thinkers, effective practitioners, and socially responsible citizens.The devoted and qualified faculty of this institution is fully conscious of their noble calling and shares the management's mission and vision. The dedicated and disciplined ministerial and supporting staff members are equally our precious partners in the growth of this institution. At present the college is conducting three academic courses: B.Ed., D.El.Ed., and B.A.B.Ed.

About Shradha Educational Academy, SGNR

It is a pain that we cannot give some people the pleasure of choosing. It is that, or it likes, because it is pleasure; he/she seeks what they owe. None of these presents will find the very opening of all things laborious. We provide the most worthy and reliable work, as if required at once.

SEA started in 2002 and is running successfully.

SEA started a new journey as a YouTuber in 2018.

About the Conference

The International Conference on "Artificial Intelligence in Education: Opportunities, Challenges, and Future Pathways" aims to provide a dynamic academic platform for educators, teacher educators, researchers, scholars, and professionals to deliberate on the transformative role of Artificial Intelligence in contemporary education. The conference focuses on exploring how AI-driven innovations are reshaping pedagogy, curriculum design, assessment practices, teacher education, and institutional governance across disciplines.

The conference seeks to promote multidisciplinary dialogue by integrating perspectives from education, humanities, social sciences, sciences, and technology, while emphasizing ethical, inclusive, and learner-centric approaches. It encourages critical discussions on opportunities and challenges related to AI adoption, teacher preparedness, student well-being, skill development, and future workforce readiness in alignment with NEP 2020. Through keynote addresses, paper presentations, panel discussions, and interactive academic sessions, the conference will facilitate knowledge sharing, collaborative research, and innovative practices.

Conference Objectives

1. To explore the role of Artificial Intelligence in transforming teaching, learning, and assessment practices.

2. To examine the opportunities, challenges, and ethical dimensions of AI integration in education.

3. To align AI-enabled innovations with the vision and goals of NEP 2020.

4. To enhance teacher education and professional development through AI-based tools and practices.

5. To encourage interdisciplinary research, collaboration, and innovation in AI-driven education.

6. To provide a global platform for sharing best practices, research insights, and future-ready educational ideas.
